

WILLIAM M. SCOTT III "THE SPIRIT of '51" AWARD

For you, Buck, serving with distinction is a "many splendored thing." Your life has been characterized by dedication and a concern for others. We salute you especially for your unbroken record of service to Dartmouth and to the Class of '51.

Who can forget your leadership as an undergraduate? You were Senior Editor of *The Dartmouth*, a member of the Dartmouth Outing Club directorate and, in our senior year, Chairman of Winter Carnival. You served as a member of the Undergraduate Council, Palaeopitus, and were elected to Casque and Gauntlet...and you've been serving Dartmouth and your Class non-stop ever since: Class Agent, Class President, 25th Reunion Chairman, member of the Class Executive Committee and of your local executive committee of the Third Century Fund. You have performed all these functions with boundless energy and a creative flair which have benefited the College and given the Class of '51 a sense of pride.

Standing with you has been your charming wife, Mary, whom you married in 1952. You both enriched the world with six children; two of whom have carried on the "Scott" name at Dartmouth: Caroline, Class of '78 and William, Class of '82.

Your service to industry, to your community and in civic affairs is no less distinguished. You have been elected a Director of numerous companies and currently serve as Trustee of the Franklin Institute which is dedicated to scientific and industrial research for the betterment of mankind. You are also Chairman of the Democratic Party of Montgomery County, Pennsylvania.

Behind this remarkable record of service and achievement lies a philosophy which you described with eloquence on the occasion of our 25th Reunion: "...It is possible that all of us from the Class of '51 will exercise influence in important matters....I hope that this influence will be benign, and will lead to increased trust, co-operation and equity in the world."

May the world have more men like you, Buck. You are a great credit to "The Spirit of '51" and it is with pride that your classmates present you "The Spirit of '51" Award.
