

## OBITUARY ANDREW M. JONES

Andrew M. Jones, PhD, whose wide-ranging interests included research in electron microscopy with a special focus on microbeam analysis; tae kwan-do, in which he earned an advanced black belt; footrace competition, including several marathons; and the Boy Scouts, died in Fort Worth, Texas on June 28, 2013.

Andy majored in physics at Dartmouth and was active in the Outing Club and the Canoe Club. He went on to receive advanced degrees in physics from Wichita State University and Texas Christian University. His professional career included positions at the Veterans Administration Medical Center in Kansas City and the New York University Medical Center, as well as in the defense industry with Dyncorp International.
