ROSS ELLIS died April 23 of multiple myeloma, a form of cancer of the bone marrow. Ross's disease was diagnosed shortly after returning from his 25th reunion last June. He enjoyed a successful remission until a few weeks before his death.

Through athletics, a variety of other student activities, and his irrepressible good humor, Ross was one of the best known and most highly regarded members of the class. He will be deeply missed.

He came to Hanover from Oak Park-River Forest High School. At Dartmouth he played football and basketball until suffering a knee injury in a practice game. He was a member of Green Key, treasurer of the U.G.C., a member of Palaeopitus, president of Beta Theta Pi, and president of Sphinx.

Ross went on to earn an M.B.A. at the University of Michigan, and between his two years there married a high school classmate, Sib Shorney, a graduate of the University of Colorado. They had four children, and their son Pete is a member of the class of '83. After graduate school, Ross and Sib returned to the Chicago area and Ross entered personnel administration with Joseph T. Ryerson & Son, Inc., a warehousing subsidiary of Inland Steel Company. He later moved to the parent company and became director of personnel at the Indiana Harbor Works in 1979.

Ross always found time for an annual recruiting trip to eastern colleges, and Dartmouth invariably was on his schedule. His yearly visits kept him in touch with the College and its undergraduates, and he brought a number of them to Inland. Ross also served Dartmouth as an assistant class agent and as a member of the '55 executive committee.

Members of the class have established a memorial fund in memory of Ross. Contributions, which are separate from regular Alumni Fund contributions, may be sent to the Ross Ellis Memorial Fund, c/o Alumni Fund Office.
