

# Congratulations!

50 years ago, we too were first-year students.  
That's why we hope now to "connect" to you.

This September

Watch for our welcoming tent at matriculation.

Over the next 4 years

Use us for support or career advice.

At your graduation

We'll march with you (at our 50th reunion).

We share a special bond.

We call it **The '61 - '11 Connection**
