Below is additional information on Dartmouth '62/70.

Registration in Charleston We will have a Registration Table in the Mills House Lobby between 4 and 5:30 PM on Monday afternoon, May 3, the first day of Dartmouth '62/70. If you plan to arrive at the Mills House later than 5:30 PM, please send me an e-mail to

let me know. If you are delayed and arrive later than 5:30 PM, please see me or Charlie Balch that evening at the Welcome Reception, so we can give you your registration packet.

Dinner and Tour Assignments The Dartmouth '62/70 schedule is attached for those who will take walking or minibus tours on Tuesday and golf or visit Drayton Hall (DH) on Wednesday. Others will visit DH on Tuesday and walk on Wednesday. At registration in Charleston, you will receive your tour group assignments. We will have seven walking tour groups of 17 to 20, a minibus group of nine, four Drayton Hall groups of 27 to 30, and 24 golfers. We will also let you know at registration whether you will be having dinner that first night at the Mills House or at Poogan's Porch. We will all be together for breakfast each morning, a reception each evening, and dinner on Tuesday and Wednesday nights.

Group Coordinators We will contact some of you in the next two weeks to ask you to serve as tour group coordinators. We will ask you to help insure that your tour group is all present and particularly on the Drayton Hall tours to help insure that your group boards the bus on schedule.

Dress We should have excellent weather in Charleston with highs about eighty and lows in the sixties. Comfortable warm weather clothes and shoes will be needed for daytime activities. Our Monday Welcome Reception and Dinner will be dressy casual. If we have good weather, much of that evening will be outdoors on the Mills House Patio. Our Tuesday evening dinner cruise will be very casual. You should bring a sweater or light jacket that evening as it is always cooler on the water. Jackets and ties for men and dressy outfits for women are suggested for the Wednesday Birthday Dinner. I would also note for those of you from the North that the Mills House does have a nice outdoor pool if you would like to bring a bathing suit and take your first swim of the summer.

Weather Please check the long range Charleston forecast as we get closer to May 3. I'll send out a weather update on April 30. Pray for good weather and no rain as we have many outdoor meals and events on the schedule.

Mills House Location The Mills House location in the middle of the historic district is great for touring. However, the nearest convenience, drug, and liquor stores are several blocks away. Please plan accordingly.

Gratuities Generous gratuities for our bartenders, meal servers, and bus drivers are covered in your Dartmouth '62/70 fee. You should not have to tip these individuals unless they provide you with a special personal service.

See you soon in Charleston. If you have questions, please let me know.

Tom Komarek
