

Finding George Washington: A Time Travel Tale

On a freezing night in 1778, General George Washington vanishes. Walking away from the Valley Forge encampment, he takes a fall and is knocked unconscious, only to reappear at a dog park on San Francisco Bay—in the summer of 2014. Washington befriends two Berkeley twenty-somethings who help him cope with the astonishing—and often comical—surprises of the twenty-first century.

Washington's absence from Valley Forge, however, is not without serious consequences. As the world rapidly devolves around them—and their beloved Giants fight to salvage a disappointing season—George, Tim, and Matt are catapulted on a race across America to find a way to get George back to 1778. Equal parts time travel tale, thriller, and baseball saga, *Finding George Washington* is a gripping, humorous, and entertaining look at what happens when past and present collide in the 9th inning, with the bases loaded and no one warming up in the bullpen.
