

# THE '09 GRAPEVINE

---

**\*\*Disclaimer\*\*** You are reading the Class of 2009 newsletter. You will read it in its entirety and it will make you happy.

---

This being the first edition of our class newsletter, our number one priority was finding out exactly what everyone is (or mostly likely isn't) doing next year. Sure, most of us aren't jumping for joy about leaving the bubble and living lives beyond Dartmouth, but guess what: we will all be just fine. And most importantly, although we will not be undergraduates for much longer, we can all still stay connected to the old College on the Hill that we love so much. We hope you will use this newsletter as a resource to stay linked to Dartmouth and our class. Update us on your travels, stories, and whereabouts, and read about the amazing things that your classmates will be doing in the years to come. Dartmouth's alumni network is truly unrivaled in its passion to keep people connected and this newsletter is one of the many ways our lifelong bonds will stay strong.

Please send any articles, updates, thoughts, concerns and suggestions you have to our alumni inboxes on the internet. This newsletter, like the Class of 2009 and a fine wine (Franzia), will only get better with age.

Congratulations, Class of 2009!

Rembert Browne, Lauren Breach and Zach Swiss,  
your triumvirate of newsletter editors

## CLASS DUES UPDATE

Hey '09s,

I am writing to remind you to pay your class dues, which will help us remain a strong class for years to come. Dues are different than giving to the Senior Class Gift or the Dartmouth College Fund because dues directly help us remain in touch with Dartmouth and our fellow classmates. Class dues allow us to send out the Alumni Magazine, hold mini-reunions across the country, fund College projects to better the community and publish this newsletter you are currently reading.

During senior week, there will be a table set up next to cap and gowns. You can also drop them off in an envelope outside of 103 Blunt during normal business hours. After graduation, you will be able to pay your dues online on the Class of 2009 website or mail them to: Taylor Holt / Class of 2009 / 6068 Blunt Alumni Center / Hanover, NH 03755.

Thanks,

Taylor Holt  
Class Treasurer

# A LETTER TO THE CLASS OF 2009

---

---

Over four years ago as we began to plan for our 50th Reunion, the Class of 1959 realized that we had a special opportunity to connect with the Class of 2009. In keeping with the long-held Dartmouth tradition, we as the 50 year class would march together with your class in your graduation exercises. Thus the idea for the '59 – '09 Connection Program took shape.

What a privilege it has been for members of our class to get to know many of you through a variety of joint events. Beginning with the gift of your '09 pins following Matriculation exercises with President Wright, we have watched you grow and mature, first as students and then more recently as citizens of our community. We have spent time with you through various social events, invited you to make presentations at our mini-reunions and took pleasure as we provided 30 scholarships to members of your class through the Dartmouth College Fund.

We have cheered your accomplishments academically, on the athletic fields and through your involvement with many other extra-curricular activities. We continue to plan with your class leadership to find a meaningful way to perpetuate this connection program by funding a joint scholarship effort in the years ahead. We also look forward to spending some final moments with you during graduation weekend.

And now we offer you our heartiest congratulations as you graduate in June. We welcome you into the lifetime company of alumni/ae known as the Dartmouth Fellowship. As President Wright has said, "You may be leaving Dartmouth but Dartmouth will never leave you." Regardless of where you travel "around this girdled earth", the memories, good feelings and friendships you have made will be with you always. In fact, for most of you, they will grow stronger over the years. As the Class of 1959 is about to celebrate 50 years "in this wide, wide world" I can affirm this truth.

Sincere best wishes,  
Chris Cundey  
President, Class of 1959

# PRESIDENT'S ADDRESS

---

Hello Class of 2009!

Congratulations to all of us on our upcoming graduation. These past four years have flown by and it seems like just yesterday that most of us were arriving on the Robo lawn to be greeted by an array of crazy, colorful people prance, prance, prancing to the Salty Dog Rag. Since then, many of us have pranced all over the world on abroad programs, enjoyed the outdoors, tried countless clubs and organizations and have fully indulged in a fine liberal arts education. We have all grown tremendously since those days back in 2005 both as a class and as individuals and while our time here may have flown by, our connection to Dartmouth as the '09 class will forever endure.

After June 14 2009, your Class of 2009 Executive Committee will help keep our connections strong and help us remain active young alumni. The newsletter will help us keep tabs on all of our classmates and the mini-reunions around the country and internationally will help us connect with these classmates face-to-face. The website, will be another way to stay up-to-date on Dartmouth and class news and stories and we will urge you to send us updates on all of your exciting endeavors. There will be many more ways to stay connected as well and I hope that you use all of these avenues.

Class of 2009, it has been a great four years, and I have had the privilege of getting to know many of you. All I have to say is that I hope that the next 60 or so years will be just as good, that I will get to meet more of you, and that as alumni we help keep Dartmouth strong and only improve her excellence. "Though 'round the girdled earth" we will roam, we will always be connected as members of the Class of 2009.

Good luck to everyone, I hope to see you around, and congratulations on graduating!

Molly Bode

President, Class of 2009 Executive Committee
